

\$441 million annually for the federal government.

Savings to Medicare also occur by reducing the need for in-home and nursing home care. By providing the skills and services to those with vision impairment, Medicare promotes quality of life and independence for the individual. I know first-hand, the cost factors and emotional strain related to the loss of independence and need for additional health care services due to vision impairment. My mother, who suffers from vision impairment, benefited tremendously from the rehabilitation services provided by the Greater Boston Aid to the Blind.

Studies by the National Center for Health Statistics and others find age-related visual impairment to be second only to arthritis/rheumatism as a cause of disability. In addition, the Alliance for Aging Research found visual impairment as one of four conditions leading older citizens to lose their independence. Medicare must provide its beneficiaries with the ability to live a normal life. Please join me and nearly 80 other cosponsors in this effort by including vision rehabilitation professionals in Medicare reform legislation.

DEPARTMENTS OF COMMERCE,
JUSTICE, AND STATE, THE JUDICIARY,
AND RELATED AGENCIES
APPROPRIATIONS ACT, 2001

SPEECH OF

HON. NEIL ABERCROMBIE

OF HAWAII

IN THE HOUSE OF REPRESENTATIVES

Monday, June 26, 2000

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 4690) making appropriations for the Departments of Commerce, Justice, and State, the Judiciary, and related agencies for the fiscal year ending September 30, 2001, and for other purposes:

Mr. ABERCROMBIE. Mr. Chairman, I would like to thank Chairman YOUNG, Ranking Member OBEY, Subcommittee Chairman REGULA, Ranking Member SERRANO, and the other Members of the Commerce, Justice, State, and the Judiciary Appropriations Subcommittee and Appropriations Committee for their obvious hard efforts in producing H.R. 4690. I have strong reservations about the funding cuts that the bill imposes on the National Oceanographic and Atmospheric Administration. The bill funds NOAA at a level 61 percent below the Administration's request and could result in the elimination of 1,000 NOAA jobs. If this happens, it will have a devastating effect on the critical research, fisheries management, water quality, and community-based educational programs which are absolutely necessary to our country's vitality and continued strength.

Mr. Chairman, this country is witnessing the largest federal government surplus in history. I believe that part of this money should be returned to the American people. I believe that we should be investing part of the surplus in America's future. NOAA plays an essential role in the lives of all Americans. From issuing weather forecasts to managing our nation's ocean and living marine resources, NOAA contributes significantly to the nation's economic and environmental health. Nearly one

out of every six jobs is marine-related and one-third of our Gross Domestic Product is produced in ocean and coastal areas.

I am particularly upset that the Committee has chosen to cut all funding, \$16 million requested by the Administration, for coral reef research and conservation efforts. Coral reefs truly are the "rainforests of the oceans." There have been many concerted efforts by the Administration, Congress, states, and local communities to protect and safely manage corals. Since the release by the Coral Reef Task Force of its National Action Plan in March, NOAA and its Federal, state, territorial, and local partners have moved forward to improve our protection of these valuable and fragile areas. I am presently involved in bipartisan legislation that will contribute to the effective stewardship of coral reefs. NOAA is an important partner in the process, since many corals fall within its purview. All of the efforts supported by NOAA will be terminated at the proposed funding level, and threaten to harm the ecological and economic stability in our nation's waters where corals reside.

Mr. Chairman, some may ask whether we can afford, or even need, all the services that NOAA provides. However, at a time when there is an even greater need for accurate weather information to protect the lives of our people and the well-being of our agricultural communities, at a time when our fisheries are at risk, at a time when development is booming in coastal communities, and at a time when we have the additional financial resources, I ask, how can we afford not to provide the Administration's request for NOAA, which has the capability to provide the expertise which is so vitally important to the continued stewardship of our marine resources? NOAA has been a valuable federal partner in contributing to our nation's economic potency by providing the knowledge required for effective stewardship of our coastal resources. Investing in NOAA will ensure we can continue to safely conserve our coastal and oceanic resources for generations to come. I sincerely hope that these concerns will receive consideration when the House goes to conference with the Senate on H.R. 4690.

HONORING WILLIAM G. TERRELL—
NEW JERSEY UAW CAP DIRECTOR

HON. FRANK PALLONE, JR.

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 28, 2000

Mr. PALLONE. Mr. Speaker, it is my great pleasure to rise today to honor a man who has spent the last 35 years of his life representing the interests of working men and women in the State of New Jersey.

William G. Terrell, Friday, retires as UAW International Representative Community Action Programs (CAP) Director for the State of New Jersey.

For the last several decades, Bill Terrell has spent a majority of his time improving the quality of life for thousands of workers in the State of New Jersey. Throughout his career in organized labor, Mr. Terrell has held numerous positions within the UAW, culminating with his current position as CAP Director since 1985.

Bill Terrell has been a tireless advocate on behalf of autoworkers throughout the State of New Jersey, as well as the nation as a whole. He has played an active role in UAW contract negotiations, workplace safety and ensuring New Jersey's automobile plants continue production in our State. He is a constant supporter of organized labor and works extremely hard to ensure that all workers have a voice.

With Bill Terrell's retirement, the NJ UAW is losing a worker, a family man, and a leader. I want to offer Mr. Terrell my congratulations and thanks for his outstanding career of service. It is with men like Bill Terrell that our nation's labor movement is such a huge success. He will be sorely missed.

HON. BENJAMIN A. GILMAN

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 28, 2000

Mr. GILMAN. Mr. Speaker, today I congratulate South Korean President Kim Dae-jung in the aftermath of the historic summit. This is an historic moment and holds a glimmer of promise for the Korean people and for peace and stability in Northeast Asia. This is a watershed event in the history of Korea and will hopefully lead to a significant reduction in tensions on the peninsula.

According to media coverage, the summit has already produced potentially significant results. The two leaders reportedly have reached an understanding in the following four areas:

Social and economic cooperation, including South Korean investment in North Korea;
